CONNECTIONS

Seeking out and raising up the next generation of local leadership.

The chamber provides me leadership opportunities while being connected to the community. These connections turn into relationships that weave through Issaquah. It's important to me and my business that we have this connection to our community.

TOOLS FOR LIFE

As a new member of the community, I had limited contacts and knowledge of the area. The Chamber helped guide and direct me to the right tools and the right people. I knew they had my back.

Diana Wu, DDS

The Chamber proved to be a very valuable partner in our early days, giving us a stage on which to present our business and connect with customers. It continues to provide us with exceptional opportunities for networking and informative events.
